# RSC Travel Structure

# New Travel Team Levels:

	SAMBA	BLACK
	SANTOS	RED
<i>Traditional Competition / Standard Commitment</i>	RIO	WHITE

# Changes to the Santos/Red & Rio/White Program

- RSC is excited to announce that all levels of travel will be a 10 month program
- This will be a change from our previous fall/winter/spring season by season registration
- RSC will continue to encourage multi sport athletes
- RSC will attempt to schedule around other sports in the Spring and Winter to avoid any scheduling conflict for our families
- RSC staff will certainly be understanding if a conflict leads to a missed practice or game in the winter or spring.

# What's a Fusion Team?

*A fusion team is where two teams that are the same age are combined into one larger training group, that still plays as two teams for games on the weekend*

- This is applied when an age group presents similar level players between teams, and the staff feels it will help with overall development
- Fusion teams are usually implemented in the younger age groups

# Covid-19 Field Availability Challenges

## Available facilities in a “normal”/non-pandemic year:

- RHS Encke RHS lit full sized+ turf field
- RHS Prevost lit full sized turf field
- Memorial lit full sized turf field
- RHS Loop Field lit full sized+ grass field
- Radnor Elementary 7 vs 7 grass field
- Filipone Park grass fields
- Dittmar Park two full sized grass fields
- Villanova University Higgins Soccer Complex - two full sized turf fields

## The Anomaly Casused by Covid-19:

- Dittmar Park two full sized grass fields
  - Memorial Park - lit full sized turf field
- 
- *That was all we had this past season, we temporarily lost the rest of those wonderful facilities, which made scheduling very difficult*
  - *This caused us to rent - Steelyard, YSC, Proving Grounds, Valley Forge Military Academy who had limited availability due to skyhigh demand from other local athletic clubs*
  - *We will be getting our old facilities back*
